

ASCENSION ACTIVATION PRAYER

This is a sacred prayer that activates the willingness and momentum to rise above the wounded ego/self and the learning paths therein, into a higher state of awareness and manifestation that reflects a unified 5th dimensional version of you. This assists you to move out of suffering and into awareness around your wounds, journey, healing and empowerment.

This prayer can be useful at times when healing, emotional intensity and the 'suffering based reality' feels too much or too present in your life. It helps you reach upwards within yourself to a higher reality and let go of lower vibrational stories and attachments holding you in pain.

The recommendation is to use this activation prayer once a day for 21 days straight, especially if it's your first time working with it, or follow your intuition as to how best to bring this activation into your life. Leave 7 days for integration then repeat for another 21 days if you feel drawn. Ongoing cycles help deepen the activation

When using activation prayers like these, speak out loud with strength and power taking your time so you feel really present and connected to each word and sentence.
